

Touch Dimmer, Wireless Master (Incandescent, Halogen, ELV, Fluorescent, MLV, CFL, LED)

ADTH700MMTUW2

The Touch Dimmer features a stunning translucent face and operates just like an iPod—simply press your finger on the circle to turn lights on and off, or use the arrows on the right to dim them. And thanks to its patented Tru-Universal technology, this dimmer automatically adapts to any load or combination of loads attached to it, eliminating flicker, early dropout, or "pop-on" deficiencies which can plague other non-adaptive dimmers. Simply pair it with any fixture and you're done!

features & benefits

- This dimmer includes wireless capabilities, allowing you to pair it with a remote wireless dimmer in another location to control a light from two places without rewiring. Must be paired with adorne Touch Wireless Remote Dimmer. Master dimmer must be wired to light.
- Features **Tru-Universal** technology, which allows it to support any light type, including Incandescent/Halogen, Magnetic Low Voltage (MLV), Electronic Low Voltage (ELV) in Forward or Reverse Phase, CFL/LED, etc.
- Pair with the Touch Switch for the ultimate in sleek, sophisticated lighting options.
- Easy "1-for-1" installation lets you simply replace your existing 700W dimmer with adorne in just minutes.
- Fits in your existing electrical box and does not require new wires for typical installation. Innovative assembly and snap-in system make it fast and simple to install.
- Shown in a classic white finish. Also available in magnesium.
- Easily customized with adorne wall plates available in a brilliant palette of 32 colors and a variety of luxurious materials.
- Complete your total designer look with options like a stunning adorne Accent Nightlight accessory.
- Your remodel looks like a million bucks. It deserves better than an ordinary light switch. Add that last finishing touch with adorne, a stunning, one-of-a-kind collection of switches, dimmers, and wall plates that will transform your walls from boring to absolutely breathtaking. It's time for a beautiful switch.
